2020 Legislative Issues

Ag Land Taxation
- Continue implementation of the productivity-based system to ensure assessed valuations accurately reflect productivity.
- Continue research to determine ag land production capacity and update data used in soil tables.

Infrastructure
- Continue to improve farm-to-market roads and bridges.
- Continue rail upgrades to improve service for shippers.

Property Ownership Rights
- Continue focus on protecting the property rights of South Dakota farmers and ranchers.

Value-Added Agriculture
- Expand livestock production opportunities.
- Engage the Governor and other ag groups to reform the local zoning process.

South Dakota Farm Bureau is a grassroots agriculture organization representing more than 14,000 member families across the state. Founded in 1917, SDFB is the trusted leader in agriculture.
